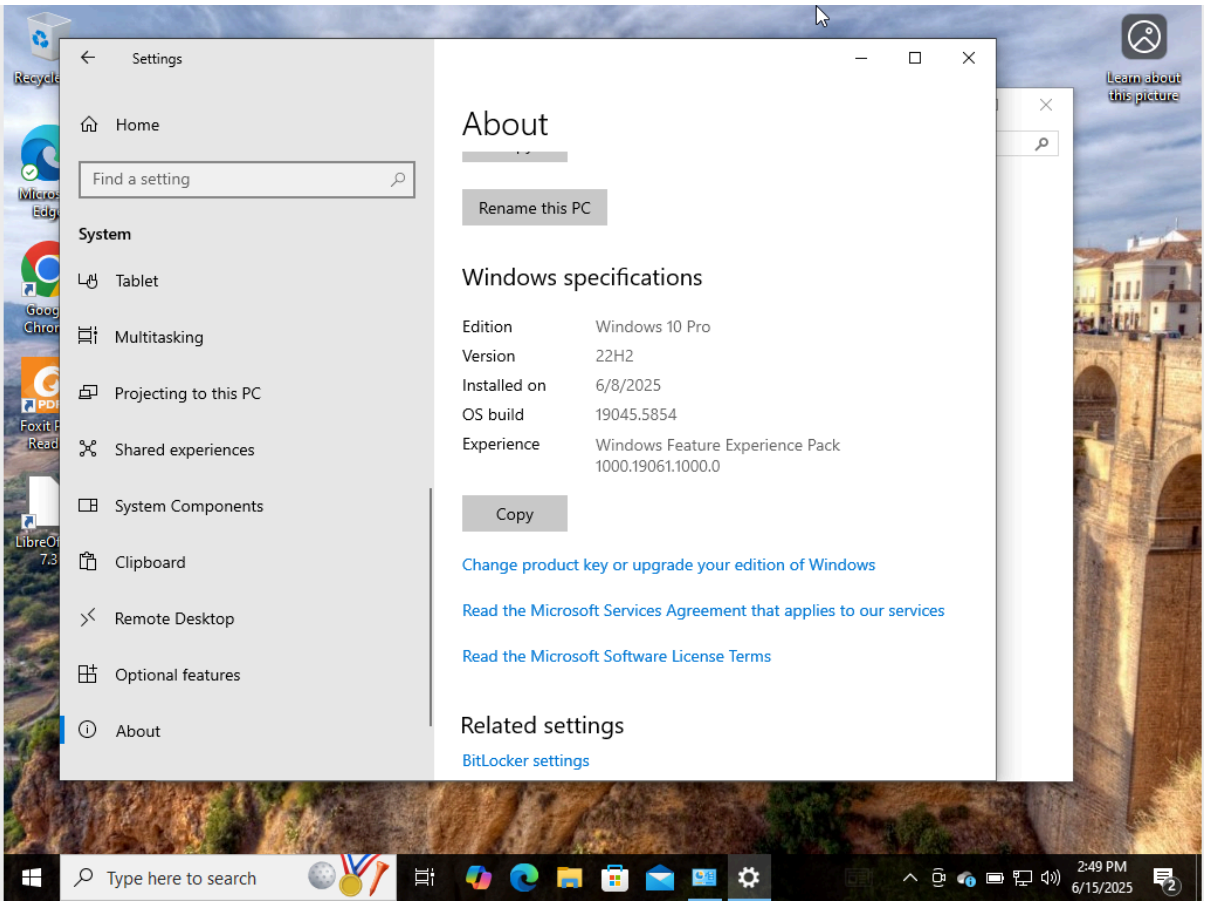
# CLEANHOUSE ROBOTICS

## WORKSTATION CHECKLIST

- Verified purchase is according to order, comparing parts to order
- Power on computer, and check BIOS/UEFI specification according to order
- Install the operating system and check Application and System logs for possible errors
- Apply Windows updates and check that system is up to date
- Install required software - make sure that software is installing for all users
- Verify that software opens under an ordinary user, not only as an administrator
- Check with the user that the software opens

Screenshot 1 - The OS version.



Screenshot 2 - The software you've installed.
